

Folding Metal A-Frame Sign is designed for increasing foot-traffic and awareness as they create engaging marketing stations that can be positioned almost anywhere.

- Easy to setup / Easy to take down
- Includes 2 Full Color Prints
- Prints are durable for lasting protection
optional dry-erase coating available (additional)
- Durable steel frame construction
- Black Powder Finish
- Use indoors or outdoors
- Will accept any rigid sign print up to 1/4" thick
(actual sign measurement is 23.5" x 35.5")

Features a durable steel frame construction with an open top making it easy to insert and change rigid graphic prints. Durable enough for outdoor use yet sleek and elegant enough for indoor use. Metal handle at top makes it easy to carry or to simply change the A-Frame position. Standard full color prints are made using fluted plastic sheeting (coroplast) and other rigid sheeting can be used like EPVC, foamboard or acrylic. Frames are shipped pre-assembled and ready to use right out of the box.

Lobby and Entrance: The satin black frame compliments any decor and allows the message to be displayed in a dignified manner.

Event Directionals: The simple design is functional and easy to move around as needed.

Sidewalk Talker: Sturdy enough to be used outdoors. Not to be used in adverse weather conditions.
