Whether you are seeking a quality inner wrap for your box or want to add a touch of class to overall packaging, this premium tissue won't disappoint. Create a beautiful branded gift presentation that is unique and further enhances the whole un-boxing experience.

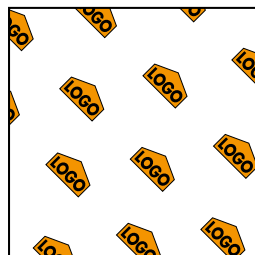

Unlike typical tissue papers that tear very easily, this branded tissue actually protects the product it is surrounding. Just by first touch, you can immediately tell that this is something special. It's the perfect packaging accent in making a lasting, memorable impression.

This Premium Tissue Paper is printed in full color using quality 16# tissue stock which is a bit thicker than your everyday tissue paper. It's lightly transparent and foldable, yet thick enough that it won't rip if you wrap a book in it.
